

SHANTANU

Full Stack Developer

+91 9773503609 • shantanueducation8@gmail.com • LinkedIn

EDUCATION

DELHI TECHNOLOGICAL UNIVERSITY
Bachelor of Technology in Biotechnology

August 2019- May 2023

TECHNICAL STRENGTHS

Languages	C++, C, HTML, CSS, core Java, ReactJS, JavaScript, Thymeleaf, JSP
Backend and Other	MySQL, PostgreSQL, Spring Boot, Spring MVC, RESTful Web Services, Hibernate, Spring JPA, Security/OAuth/JWT, Axios, Data Structures Algorithms, Object oriented programming

EXPERIENCE

Code Clause	Apr 2022 - July 2022
Full-stack Software Development Intern	Remote

- Developed and deployed a responsive feedback feature using **React.js**, resulting in a notable 50% increase in user feedback engagement.
- Implemented backend functionality using **spring boot** to securely store feedback data in a database
- Applied **HTML, CSS** and **JavaScript** to ensure seamless integration and user-friendly design, optimizing website performance across various Devices.
- Additionally, I integrated the front-end with back-end API, while provided valueable insights into full stack development.

PROJECTS

Keep Hunger

A food delivery web

- Developed a food delivery web application utilizing React with redux Toolkit for efficient state management and MUI for intuitive UI component creation.
- Implemented Java with Spring Boot for backend development, resulting in a 28% reduction in development time and increased productivity.
- Integrated Rest APIs and implemented Spring Security protocols to safeguard user data.
- Orchestrated payment integration and developed an admin panel for restaurant owners to efficiently manage their orders by 40%.

Real Estate

Buy and sell Properties

- Developed a dynamic and 100% responsive real estate website using the MERN stack, featuring functionalities such as visit booking and property addition.
- Utilized React and CSS to design an engaging user interface with seamless functionality.
- Demonstrated a strong commitment to creating a user-friendly platform tailored to the needs of real estate professionals and clients.

Animation web

Animation

- Crafted a captivating website utilizing HTML, CSS, JavaScript, and Canvas to showcase creativity and technical prowess.
- Implemented scrolling animations with Canva, Utilized GSAP for imperative animation control and flexibility, achieving a 40% improvement in visual appeal and interactivity.
- Demonstrated proficiency in creating visually stunning websites, highlighting both creativity and technical skills.
